STUDENT INSURANCE

“The Deer Creek School District has made arrangements to offer Student Accident Insurance for all students from K&K Insurance Group. We make this coverage available to parents for their children who are students enrolled in our schools. The Deer Creek School District does not provide insurance coverage or medical reimbursements to parents for injuries that occur during school, including those incurred during gym classes, recess, etc.

While this coverage is optional, it is important that you review the coverage options available to you and consider purchasing this coverage, especially if your family has health insurance with a high co-payment for doctor and emergency visits, or a high-deductible plan, etc.

You may find more information regarding Student Accident Insurance on the [Deer Creek School District Website](#).
